## Enterprising, just like you

As a client, you expect your accountant, tax consultant or legal advisor to take a practical and decisive approach. After all, that's no more than you expect from yourself. HLB Nederland puts itself in your shoes and settles your issues smoothly, effectively and personally.

Of course, the first and foremost task of our accountants is to audit and report. But we are also here to help you determine the future of yourself and your company as a financial advisor and from a business-economic, fiscal and legal perspective. We think and act like entrepreneurs.

HLB Nederland offers a broad range of services: from auditing financial statements to specialised services such as business valuation and optimising your organisation's tax affairs to solving investment issues. HLB Nederland works for nationally and internationally operating companies in the Small and Medium-sized Enterprise (SME) sector and for non-profit organisations.

### PERSONAL APPROACH

The professionals at HLB Nederland are driven and knowledgeable and, together, we form an inspiring organisation with an enterprising nature. We know what drives entrepreneurs and act accordingly. We realise that service and personal attention are just as important to a professional relationship as knowledge and expertise.

We cherish good personal contacts, which is why we deliberately keep our lines of communication short. That way you are always in direct contact with your consultant who is responsible and familiar with your account. Rather than playing the entrepreneur we contribute from the perspective of our professional field.

### LOCAL FOCUS

We know the dynamics of local companies. We support them from a national network in over twenty offices with access to a variety of expertise. All Dutch HLB offices have strong regional roots with partners and employees drawn from the region, who speak the language and show commitment. Our professionals know the market, know what's going on, identify opportunities and are accessible to their clients.

### WORLDWIDE SUPPORT
